## ***Well Kwe Kwe!!***

*Have you finished your Christmas shopping yet? Or have you started? The snow is finally here after one of the most sweet and mild Novembers in memory. Everyone's wondering about freeze up and checking the weather reports. As of the beginning of December, the forecast is for above average temperatures. So, we could be boating at Christmas! Could it be a green one too? Only the Creator knows... :)*

***Blast from the Past!*** *This picture, courtesy of the Facebook group "Photo Sharing for the Purpose of Labelling Dates, Locations, and Names" brought back memories for people who travelled this way around this time of year and at breakup. Elsie Chapman says that's her Dad George Peshabo and Agnes Longhi. Not sure of the dog's names!*

*In Memory Of*

# *Lorena Twain*

*May 23, 1945 ~ November 14, 2015.*

Lorena Twain passed away peacefully at Northview Nursing Home in Englehart, where she had resided for the past 4 years. She is survived by her sister Patricia (Twain) Neu and Pat's husband Peter Neu. Auntie to Virginia Miller (Tim), Teresa Bower, Daniel Neu (Lisa), Richard Neu (Michelle), and their families.

Predeceased by her parents Richard Twain and Lena (Petra) Twain.

Cremation has taken place.

My Sister Lorene's early years were spent on Bear Island.

As children we would play along the shores, climb trees, play house, and make mud pies.

When our mother passed away we ended up moving in with relatives; our Great Uncle John and his wife Violet, Jerry Twain and his wife Selena, and other kind people took us in.

Lorene and I were both taken away to Spanish Residential School where we remained together for a few years. While there I was able to keep a watchful eye on Lorene and look after her as she suffered from brain damage and epileptic episodes as a result of falling at the age of two. Lorene was taken from Spanish to Smiths Falls where she attended a hospital school.

After we had lost touch for a number of years, about 10 years ago we started to see and visit with each other while she was living in North Bay. Lorene loved music and was quite talented on the spoons and playing harmonica. She probably got this talent from our Dad Dick, who was also a good harmonica player. I used to be jealous of her talent. She was good. Last May Pete and I bought her a new harmonica; by then it was hard for her to play.

Lorene loved her smokes, eating out, playing bingo, and meeting new people. Her life was spent in institutions.

Pete and I took Lorene to Bear Island a few years ago where she enjoyed visiting with Mary Katt and Hugh McKenzie.

She was my sister.

I will miss her smiley face and her wonderful sense of humour.  
Sad for us, but happiness for her.

Sis Pat.

## ***Financial Update from TFN Financial Manager Vicky Blake***

### **FINANCIAL TRANSPARENCY**

#### **The First Nations Financial Transparency Act (FNFTA)**

came into force in March 2013 and requires First Nation governments to publish, on the Internet, our audited consolidated financial statements and the schedule of remuneration and expenses for Chief and Council. These documents are available on the TFN website or copies may be requested by contacting Vicky Blake at the Band office.

The purpose of the FNFTA is to enhance the financial accountability and transparency of First Nations which is in line with the purpose of TFN's ***Audit Committee***.

*The purpose of the **Audit Committee** is to contribute to ensuring strong accountability (gway a ko chi gewin) in the TFN. The Committee will work to improve the quality of the financial information available to the TFN and to ensure that this information is presented to the community in meaningful and understandable ways.*

The Audit Committee had its inaugural meeting in January 2011 and meets at minimum twice per year to prepare for and review all aspects of the annual audit process. The added responsibility to monitor the Investment Policy of the Future Generations Fund was recently given to the committee as well. TFN is very fortunate to have the expertise of Walter Ross on this committee.

In keeping with the purpose of the committee, community financial reports have been provided to the community since 2011. These reports can be found on the N'Daki Menan website. If you have any questions, please do not hesitate to contact Vicky Blake at the band office.

## ***TAA Assembly– November 15, North Bay Indian Friendship Centre***

Saturday, November 15th was a great day to get together at the NBIFC for the TAA Assembly. Approximately 50 people came out to hear updates and discuss news on the Membership Code and the Land Claim, and to visit with one another. Voting on a motion to fund a Youth Council was discussed, but the matter was tabled until the next meeting to give the Youth a chance to develop a budget and work plan. The members voted down a motion that would have made it acceptable for other First Nations to join the TAA. Minutes of the meeting will be available through TAA Chief John McKenzie after they are ratified.

## ***TFN Community Meeting—November 28, B.I. Rec Centre***

Approximately 25 people including Joint Council and staff attended the regular Community Meeting on November 28th. Several citizens also attended via Webex online.

The agenda included:

- Traffic Bylaw Update
- Chief's Update:
  - Membership Code Information
  - Negotiations Information
  - Provincial / Federal Meetings Update
- Language Preservation Resolution.

The Resolution was brought to the floor by Patsy and John Turner, but was tabled until the next Community Meeting.

Everyone is encouraged to attend the next Community Meeting, date to be determined.

## WHY MAKE A WILL

Making a Will ensures that your wishes are carried out and your loved ones are considered. If you have any personal belongings, property or cash assets, you should have a Will.

### With a Will, You Can...

- Decide who will inherit your personal possessions and land.
- Protect your loved ones by making arrangements for their well being.
- Name someone to administer (carry out your plans) your estate.
- Name someone to look after your dependent children.
- Be specific about who should have your personal belongings and keepsakes.
- Make arrangements for your business.
- Leave instructions for funeral wishes.
- Leave a gift to someone outside the family.

### A Will May...

- Lessen the involvement of departmental officials in your private affairs.
- Avoid delays in settling your estate.
- Make the settlement of your estate a more personal matter.
- Help to avoid family conflicts by expressing your clear intentions.
- Protect any customs or traditions that should be passed on to your loved ones.

For the benefit of those you love, please make a Will.

# WHAT IS A WILL AND HOW DO I MAKE ONE?

A **Will** is a document that leaves instructions about what you want done with your personal possessions and land (your estate) after you die. Dying without a Will is called dying "intestate". If you die intestate (without a Will), the *Indian Act* applies and sets out how your assets will be distributed rather than you or your family deciding.

## How Do I make a Will?

To be valid, a Will must:

- be in writing (you can write your own or use Will forms available from various sources)
- be signed by you;
- state your wishes with respect to disposing of at least one of your assets; and
- state that it takes effect after your death.

## What should be in the Will?

Your Will should provide instructions for the distribution of all your land and personal property (ie. money, jewelry, etc.)

## What should I consider when making a Will/What do I need?

- A list of the full names and addresses of your beneficiaries.
- A list of all your assets, real or personal property (these assets may include a commercial licence, crops, animals).
- A list of all your debts and the location of your bank accounts and other assets.
- Directions on the distribution of your assets and a list of special items you wish to give to specific people.
- The name of someone that you want to be your administrator (executor).

## Are there special rules for signing of the Will?

It would be preferable to date your Will and to have someone witness the signing of your Will. Your witness(es) should be an adult(s) who is not mentioned in the Will. The spouse of someone mentioned in your Will should also not be a witness.

## Can a Will be changed or modified?

You can change your Will as often as you like. In fact, it is a good idea to read it over from time to time to make sure it is accurate and up-to-date. You should change your Will if, for example, there is a birth of a child, divorce, change of residence, death of someone mentioned in your Will, or if you have acquired new valuable articles. You should always initial all changes or additions and have them witnessed.

## When should I hire a lawyer (or a notary in the province of Quebec)?

Although legally you do not have to hire a lawyer to write your Will, it may be advisable to hire one in the following circumstances:

- if you have children or you care for someone who has special needs;
- if you have personal or "real" property (land and building) of significant value;
- if you own property off reserve;
- if you own a business.

## Where should I keep my Will?

If you choose to keep your original Will, put it in a safe place such as your safety deposit box, a fireproof box, a home safe or a safe at the band council office. Banks will usually allow your executor to take your Will from the box. You should tell a family member, your executor or someone you trust where your Will is kept so that your final wishes can be carried out.

## *News, Accomplishments, and Random Good Stuff from the Community*

We all know that **Steve Turner** is a rockin' bass player, but did you know that he's also a "Civil Servant"? Yep, works for the province of Ontario. Steve was able to combine his talents recently with a bunch of other talented co-workers in a band called 'The Secondments'. They competed with other bands in a fundraiser for the United Way. Out of 30 bands they placed in the Top 5 and won the "People's Choice Award". You can see more on Steve's facebook page, or on the Secondments' facebook page. Cool, man.

**Theresa Davey** recently got to visit her Mom **Lulubelle Dankewich** for the first time in 4 years. Mom is in Elder's accommodations in Red Lake and Theresa lives in Thunder Bay. Theresa managed to make the 560km journey despite having a limited income and no vehicle.

That's a long bus ride!

So nice to be reunited.  
Miigwetch for sharing!

Not only was **Kaiya Mongrain** one of the Fire Prevention poster winners, but her artistic talent was also recently recognized when she won a spot in the Young Native Artists 2016 Calendar put on by the Native Canadian Centre of Toronto. Her picture has been framed and will hang in the Native Canadian Centre of Toronto for the year, then will be sent back to Bear Island to be displayed at LMLC.

At right, LMLC Principal Renee Restoule acknowledges Kaiya and her accomplishment.

Below: Her winning piece. Love it!!!

**Alex Paul Jr.** continues to excel both at school and in the rink.

He was awarded the "Sudbury Star of the Game" in a news report about his most recent game on November 25th with the St. Charles Cardinals. You can read the whole article here,

<http://www.thesudburystar.com/2015/11/25/cardinals-boys-hockey-continue-strong-start>

but here are a couple of cool highlights:

***Alex Paul had a team-high two goals and two assists against the now 2-3 L'Horizon, while Bryceton Lalonde scored two goals and one helper.***

***"I was able to bring the puck out well and get my game going," said Paul, a Grade 11 student who was named The Sudbury Star Of The Game for his four-point effort. "I did some good stuff, I guess."***

***He's quiet, and he'll take the spotlight off of himself and try to share with teammates. He'd much rather talk about the team's successes, not his own.***

***"We're doing pretty good and communicating and getting lots of chemistry," Paul said. "We have lots of chemistry already and that'll just build, and build." - Right on, Alex!!!!***

**David Laronde** has put out his second album,  
**"Under the Raven's Wing".**

We're going to hear of a concert announcement soon, right Dave?

#### Here's Dave's Bio:

**DAVID LARONDE** is an Indigenous singer-songwriter performing contemporary **Native Canadian Music**. He hails from Teme-Augama Anishnabai (Deep Water People) in beautiful Northern Ontario. **His Debut CD, "Right City Wrong Town" was nominated Best Blues CD by Aboriginal Peoples Choice Music Awards 2013.**

Direction home and a re-rooting of personal beliefs inspired the writing of **"Under the Raven's Wing"**. This homecoming took shape as a healing and deeply personal, writing and recording project defining David as a gifted contemporary indigenous songwriter and singer. His music makes the transition from folk to rock to blues seamlessly as the songs "get personal" one minute with **Can't Take You With Me** or **Brothers and Sisters** and then "exploding into universal themes" with edgy rock vibes in **Show Me a Sign** and **Eternity**. Upbeat songs like **Northwind Track** and **Whispering Wind** paint the scenery for the journey home. The music tends to navigate universal mysteries and personal journeys and roll them into a single song that has to be shared with you. May the music from this album provide some comfort for those in need.

The album is available for download at [www.itunes.apple.com](http://www.itunes.apple.com) and can be purchased at [www.davidlarondemusic.com](http://www.davidlarondemusic.com)

**Shaiyena Cote** is already an accomplished scholar and athlete, but could politics be in her future? Shaiyena met Justin Trudeau in 2011 when he came to visit her school. Newly re-elected Nipissing-Temiskaming MP Anthony Rota and his family are Cote family friends, and on election night Shaiyena was at the Davedi Club in North Bay to help celebrate his victory. Yeah Shaiyena, represent!

# LMLC Anishnaabemowin Update

With Patsy Turner

"Noondan Beep Nebaayeg, Fire Alarm Daateg Nibaagamgongkan."

Hear the Beep, where you sleep!

This was the theme for this year's Fire Prevention Poster Contest. We translated the theme into Anishnaabemowin and held our own local poster contest before I sent the posters away for the provincial contest. The winners in JK – Gr. 1 were: Cheyanne 1st place, Kazia 2nd place, Adonis 3rd place. The winners in Gr. 2 – 4 were: Sophia 1st place, Caitlin 2nd place and Paige 3rd. The winners in Gr. 5 – 8 were: Kaiya 1st and Keitay submitted two posters and won 2nd and 3rd. 1st place won \$15, 2nd place won \$10 and 3rd place won \$5. The first place winners also got a ride to school last Tuesday, in the Fire Truck. Thanks to Fire Chief Roger for judging and picking the kids up with the fire truck.

On Thursday the 19<sup>th</sup>, we hosted a **Drum Social** at the school. Jamie and Roger came up to sing and drum for us. The students had an opportunity to dance, socialize and have a snack. A few parents and community members joined us as well. Despite the hydro going off at 2 o'clock just as we were about to begin, we carried on and had a nice afternoon. The emergency lights were on and we left the door open for some natural light. *(Photos a couple of pages on)*

This month the students and I also prepared for Zhimaaganish Giizhgad, Remembrance Day. We practiced a poem and songs to share at the service. The JK – 4 class sang: Zhimaaganishag and the Gr. 5 – 8 class read the poem Flander's Gitigaaning. The students also sang O'Canada and the Eight Thunderbird Drum Song. The students did well, however were a bit shy when singing.

*(You can see more about Zhimaaganish Giizhgad on the next page..)*

The students were also practicing their introductions, nishnaabe noozwin/names, where they are from, and their clan, if they know their clan. They used this information to create posters about themselves using the Ipad and an app called Poster Maker. They were able to take pictures of themselves, add in their text and any other pictures or clip art they wanted. The older students went into the JK – Gr. 1 class and helped them make their posters. These turned out nicely.

This week John and I are working on completing a proposal for the community for funding through the Department of Canadian Heritage. It is called the **Aboriginal Languages Initiative**. They will fund up to two activities. We are proposing to utilize a computer program or "app" to encourage language learning of our local dialect. If the proposal is successful, we hope this will be a computer program that all the membership could access to study language on their own time. The other activity we are proposing is to create signs in the language for our community buildings. We will keep you posted on the outcome of this proposal.

Until next month, baamaa pii!

Patsy

# Remembrance Day 2015

*It was a beautiful day for the Ceremony... lots of people came out. Students from LMLC sang in Anishinabe and Patsy played the Last Post on trumpet. John Turner read out the names on the Cenotaph. Joe spoke to the crowd about peace and memory and the future, and the role this community's Veterans played in making our present better with their service. Great job, everyone. Miigwetch.*
